SEPTEMBER 2020 - APRIL, 2021

Confessions App <https://app-confessions.herokuapp.com/> is an app created for users to post confessions anonymously. The technologies used are ReactJS, React-Bootstrap, Node.js, Express, Mongoose, MongoDB, Heroku, Passport-jwt, Axios, Bcrypt. This is a group project created with others from the class.

Password Generator <https://carly-jm.github.io/PasswordGenerator/> This is a web app used to generate a unique password.

Get Meals Now <https://robertkoepp.github.io/GetMealsNow/index.html> is an app created to be able to search for ingredients and find recipes to suit your dietary needs

Education

UC Davis Coding Bootcamp

SEPTEMBER 2020 - APRIL 2021

I decided to take this course to expand my technical knowledge and gain experience in the field. I spent 6 months working on this class and developing skills to become a full stack web developer.
